Teleradiology Opportunity

Aurora Teleradiology Services

Aurora Teleradiology Services provides Canadian-licensed radiologists with a high-yield, flexible remote practice that directly strengthens hospital care across Saskatchewan.

As part of Aurora's clinical network, you gain the freedom to practice anywhere in Canada, Fee-for-Service compensation, and modular 4-hour shifts designed around your life.

The Aurora Value Proposition: Why Practice With Us?

- **Built for Radiologists, Run by Radiologists:** Experience a practice culture that prioritizes clinical autonomy and operational efficiency.
- **Earning Potential:** Maximize your clinical output with Fee-for-Service reimbursement rates and guaranteed hourly call stipends.
- **Autonomy & Schedule Control:** Design a schedule that fits your life. Choose modular 4-hour blocks up to six months in advance.
- **Purpose-Driven Clinical Impact:** Serve as a lifeline for regional and rural emergency departments. Your remote reads eliminate post-call gaps, reduce burnout for on-site hospital teams, and ensure rapid, accurate diagnoses for patients across the province.
- **A Connected, Collaborative Network:** Never practice in isolation. Aurora's integrated digital community connects you with peers across Canada for real-time second opinions, active case discussions, and easy coverage coordination.
